

History

At Harewood C of E Primary School, we believe that the study of history serves as a lesson to the future. It instils in us the principles of how to become good and responsible citizens by learning from the mistakes of others and being able to appreciate what is right and wrong.

Through the study of history, we aim to help the children to understand our British Values in the context of our modern and multi-cultural society which is the product of past changes and challenges. We want our children to comprehend how values from the Rule of Law, to Respect and Tolerance, contribute in maintaining a peaceful and positive society for us all where change and societal development are accepted and welcome.

At Harewood, we enthuse the children by creating stimulating cross-curricular work to help them develop their knowledge, skills and understanding of the topic we're learning. We strive to immerse our children in learning more about the life and times they are studying and, where practically possible, we organise educational visits to enrich children's experiences of the past.

“Education for Life In All Its Fullness”
