

Italian

At Harewood C of E Primary School, through the study of Italian, we aim to enable our pupils to express their ideas and thoughts in another language and to understand and respond to its speakers, providing them with knowledge useful for all 21st-century young people. At the same time, we encourage the children to understand that how they see the world is just one of many possible ways. At Harewood, we strongly believe that learning another language develops an understanding and respect for diversity and tolerance, removing barriers between cultures.

We are dedicated to exposing our children not only to the technicalities of the Italian language but to its rich culture, traditions and way of living, celebrating and embracing both similarities and differences. Our lessons are not just based in the classrooms, but we use Italian throughout our school. We aim to inspire and enthuse our children with stories, songs, videos and trying different aspects of Italian culture in the classroom, from food to art to festivals and celebrations.

“Education for Life In All Its Fullness”
