

Music

Music is embedded in every aspect of school life at Harewood, with our hope that every child will develop a lifelong love of music. We aim to take our children on an engaging and inspiring musical learning journey during their time with us. We strongly believe that music is for everyone at Harewood and that it is a vital part of every child's education.

We believe that music develops a wide range of life skills as well as promoting creativity such as teamwork and self-confidence. Perhaps most importantly though, it helps the children to build their own identity and is a way to express themselves. Music enables the children to build new friendships across the year groups and cements each child's place within our school family.

Music at Harewood is taught by a specialist and is a practical and creative subject. The children will make and create music through using voices, singing, body percussion, instruments and technology. Singing is an incredibly important aspect of music at Harewood and is a regular part of worship in our whole school assemblies. Children are offered the opportunity to access weekly music lessons on a range of instruments and we have extracurricular musical activities including our choirs.

Our children not only learn about music, they become musicians who are able to confidently share and perform using their new skills. Our children stage musical performances for parents including a Harvest Festival, a Nativity and Carol Service, KS1 and KS2 Production and a Thanksgiving Service at the end of the school year. Above all, we want music to be enjoyable and fun for all the children.

“Education for Life In All Its Fullness”
