

Personal, Social, Health and Economic Education

At Harewood C of E we strive to create a happy, purposeful and supportive environment; pupils are enabled to become successful learners and develop their full potential. An individual's physical, mental and social attributes affect all aspects of their lives, both as a child and as an adult.

We believe that the personal, social, health and economic education (PSHE) of our children underpins all their education. It is central in preparing them to become citizens capable of contributing to society and engaging positively with life in today's ever changing and culturally diverse world.

Our PSHE programme 'You, Me and PSHE' covers mental health and well-being, financial awareness, relationship and sex education, drug, tobacco and alcohol education, keeping safe and physical health at a level appropriate to children's development.

Our formal PSHE curriculum is complimented through the ethos at Harewood Primary and the partnerships we have with families, the Church and our local community.

"Education for Life In All Its Fullness"
