

Religious Education

At Harewood C of E, Religious Education (R.E.) has a high profile in school life with lessons providing fully for the needs of all learners. We actively promote the spiritual growth of children wherever they are on their faith journey and develop their knowledge of the Bible and Christian teaching.

As well as giving pupils a broad understanding of Christianity, children also develop a knowledge of other world faiths and non-religious beliefs. Children of all abilities and faiths work with great enthusiasm and achieve well. Children are encouraged to articulate and celebrate their own personal beliefs and opinions.

We encourage children to consider challenging questions about meaning and purpose in life and issues of right and wrong. We live out our Christian vision by supporting children in becoming passionate advocates for the less fortunate.

“Education for Life In All Its Fullness”
