

Class 3 Update

8th November '24

What we've been up to this week

What a great return to school after the half term break! It was lovely to see all the children coming back smiling and full of stories about their week off. Not only that, they were also full of enthusiasm for their learning this week.

In English, Class 3 have had great fun this week creating their own Mythical Beasts. Our beasts are made up of two different animals. To start, everyone had a folded piece of paper on which they drew the head of an animal of their choice. We then swapped the pieces of paper around – without looking at the top half – the children then drew the bottom. After the 'big reveal', we were not surprised to see we had some weird and wonderful creations. We are looking forward to writing about them next week.

The children have also been super excited about starting their rehearsals for their history play. Sounds like it's going to be a sell out!

In PSHE, the children have been talking about "Global Citizenship". Understanding that our actions can impact people around the world, and that we should work together to build a better world for everyone.

On Monday, due to the high chlorine levels in the training pool, the children got to have a fun session in the small pool. There weren't too many complaints, and everyone definitely had fun!

This morning, we had a visit from Dave from D:Side who talked to us about on-line safety. When we talked about being online, Class 3 understood that they must not give out personal information, how to pick a good password and to think about what we share online. We also discussed not accepting 'friend' requests online from people we don't know, as they might not be who they say they are. The children showed great maturity in their answers. We also discussed age limits of various games and why it is important to follow these guidelines, with the discretion of parents.

Reminder

Our history trip to Murton Park is on Tuesday the 19th of November. All parents should have received an email with all the information you will need; including the cost of the trip, food to bring on the day and what to wear. Be prepared as it is an outdoor trip. If you haven't received this email please let us know and we will get it sent to you again.

Parents' Evening

Thank you to everyone for making time to come and speak with us on Wednesday and Thursday. It was lovely to meet you all and we hope you enjoyed looking at some of the work the children have produced so far this year. What a wonderful class they are!

Wishing you all a lovely weekend,

Mr Sturgess and Mrs Miller
