

# DEBRA BUTTERFLY SKIN CHARITY

Epidermolysis Bullosa (EB)

## What is Debra?

Debra is a butterfly skin charity for people who have Epidermolysis Bullosa a genetic skin blistering condition also known as EB.

## *Why am I doing it?*

I am doing because my auntie (Myra ail) she had EB and she was also raising money for this charity. And I want to do what she had been doing before.

## What am I doing?

I am going to raise money by selling Debra butterfly pin badges for £1.00 So if you can buy some badges that would mean a lot to me. 😊 😊 😊 😊 😊

# **!Thank you so much!**
